WHAT WE DELIVER

EMR INTEGRATION & INTEROPERABILITY

Epic HealthConnect integration, HL7/FHIR data pipelines, federated SSO, and 21st Century Cures Act information-blocking compliance — running in production, not in a pilot.

► KAISER PERMANENTE — 100K+ DAILY USERS, ZERO-DOWNTIME RELEASES

MEDICAID & MITA MODERNIZATION

MITA-compliant Medicaid cost and finance systems built to the CMS federal architectural standard. Full SDLC: requirements through UAT, training, and statewide rollout.

► CALIFORNIA DHCS — STATEWIDE REAL-TIME COST REPORTING

HEALTHCARE AI & DOCUMENT INTELLIGENCE

NLP, OCR, and ML pipelines purpose-built for healthcare data. 96% document-processing accuracy and 60% labor reduction delivered at a state Medicaid agency. CAH and rural health AI infrastructure.

► MONTANA MAPS — STATEWIDE AI MASTER CONTRACT (BOTH TRACKS)

COMPLIANCE & SECURITY ARCHITECTURE

HIPAA, HITRUST audit execution, Section 508, FISMA alignment, FedRAMP-aware deployment on AWS GovCloud and Azure Government. CISA / CISM / CRISC credentialed staff resident.

► 13 YEARS HEALTHCARE SECURITY LEADERSHIP ON STAFF

WHO WE SERVE

VA OIT • HHS / CMS • IHS • HRSA • State Medicaid agencies • State DOH • Critical Access & rural hospitals — as prime on SLED vehicles or integration-ready subcontractor to federal primes.

WHY VISIONBLOX

◆ PROVEN AT SCALE

100K+ daily users at 99.8% SLA. Millions of claims a day. Production delivery for the nation's largest integrated health system.

◆ SECURITY-FIRST STAFF

Credentialed HITRUST audit execution — CISA, CISM, CRISC on staff. Compliance demonstrated, not self-attested.

◆ FEDERAL-ANALOG PP

MITA-compliant, CMS-adjacent architecture with citable references that map directly to VA, HHS, and HRSA evaluation criteria.

"Healthcare data is not a product problem. It is a systems problem. We solve the systems."
